

Workplace Innovation Wednesdays

Teamworking, transformation and Cornerstone

A vast and growing body of evidence and experience shows that employees are more productive, healthier and help their customers and colleagues more effectively when they are trusted to use their judgement, and when they have opportunities to learn and develop by facing new challenges in their day-to-day work. The ability to share problems and solutions with colleagues, to learn and reflect together, to provide and receive support in challenging times, and to celebrate successes also plays a vital role in well-being and performance.
